Rules

A game for two players

Who can "capture" the most numbers.

You need two dice, a pencil and something to colour with.

Take it in turns to throw 2 dice.

Add or subtract the scores to "win" a total.

Write down the sum you used beneath the number you captured.

Colour your captured number in your colour.

The player who captures the most numbers is the winner.

Variation

Play the game with a grid each.
